

# Project Management for Scientists 2011

## **Exercise 3**

Due on 16 May 2011 at 11:00 by email to [H.M.Becher@uu.nl](mailto:H.M.Becher@uu.nl)

### Problem 1

Choose a project you are working on or would like to work on and write down a complete set of science requirements and at least 5 other requirements.

### Problem 2

Come up with a scientific idea for a proposal that you will or would like to write. Identify a potential funding/grant source and obtain the current or previous request for proposals.
