

Project Management for Scientists 2011

Exercise 5

Due on 24 May 2011 at 11:00 by email to C.U.Keller@uu.nl with the subject line PMSci_2011: Exercise 5

Problem 1

You are going to write a scientific paper in your field of work with three other co-authors. Prepare a Work Breakdown Structure (WBS) for the complete project from the initial idea to the published paper. It is sufficient to do this in a list format.

Problem 2

Install OpenProj (<http://openproj.org/>) on your computer and enter the WBS list created in Problem 1 and generate a graphical version of the WBS.
