

CERTIFICATE

Discovery Club Training

We certify that

Willeke Mulder

has participated in the training of Discovery Club,
a Universe Awareness National Programme of **the Netherlands**
for children who live in refugee centres, on **10th July 2018**.

The training included "UNAWE's Child Safety Policy" and
"Developing and Organising Workshops for STEAM education".

Discovery Club volunteers support the implementation of Universe Awareness' vision: to inspire children with our wonderful cosmos, particularly those from underprivileged backgrounds, to have an interest in science and technology and foster their sense of global citizenship.
